

Quality Policy

We are committed to provide Management System Certification of global acceptance

We strive to achieve this by :

- . ensuring independence ,impartiality ,transparency and thoroughness in our services.
- .ensuring prompt and effective handling of dissatisfaction expressed either implicitly and/or explicitly by our customers .
- .taking feedback ,suggestions ,views of our customers and interested parties as an input for improving our services.
- .internalizing international standards and norms .
- .employing competent human resource.

Further ,we periodically evaluate our policies and procedures for suitability and then continually improve our services.
